

Alexandria Gazette.

THURSDAY EVENING, JULY 7, 1904.

Local Matters.

Sun rises tomorrow at 4:41 and sets 7:28. High water at 2:44 a. m. and 3:00 p. m.

WEATHER PROBABILITIES.—For this section partly cloudy, with occasional showers, tonight and Friday; light variable winds.

The Washington Terminal.

Postmaster General Payne's protest against the laying of tracks and the operation of electric cars along 12th street northwest just west of the Post-office Department building in Washington, has reached the District Commissioners. The Postoffice Department officials contend that the operation of the cars of the Washington, Alexandria and Mt. Vernon Railway Company along 12th street will interfere with the mail business of the city of Washington. The Commissioners have decided to grant the department officials a hearing on the subject. It was supposed that the site for the terminal had been definitely settled upon, and it is to be regretted that this protest has been entered, as the proposed location met the approval of the patrons of the road as well as the management. In the peculiar circumstances of the case it is obvious that any route which might be selected must be occasion for annoyance to some people. The electric road has, in a measure, replaced the steam road service between Alexandria and Washington. Being the only rail communication, it needs a station as conveniently placed as possible and it is not desirable that that location should be such as to cause the patrons of the road inconvenience or embarrassment.

State Firemen's Convention.

The executive committee having in charge the meeting of the State Firemen's Association is busily engaged with the plans for the convention. Acceptances have been received from the companies at Charlestown, W. Va., Hagerstown, Md., Winchester, Harrisonburg, Portsmouth, Staunton, Newport News and Fredericksburg. It is stated that fully three thousand firemen will attend this meeting. To follow the precedents established by other cities the firemen suggest that it is necessary that citizens, when waited upon by the finance committee, respond liberally. From a business point of view this celebration will eclipse all recent similar events. The firemen will be in Alexandria three or four days. The expense incurred by the city is incident to the parade, prize money, collation and excursion.

A meeting of the Friendship Fire Company was held last night at which a committee was appointed to make arrangements for the appearance of the organization in the firemen's parade.

River Notes.

The tugboat J. T. Seelman, owned by the Columbia National Sand Dredging Company, which lost her rudder in an accident down the river several days ago, has been hauled out on the marine railway for repairs. The two-masted schooner Clara Coward is also undergoing repairs at the shipyard.

The sloop Daisy which has made regular trips between Alexandria and landings in Piscataway creek, Md., has been replaced by a new and larger boat, a "flatie," built by Mr. Robert Evans of this city. The new craft has not been named. Capt. Combes is making three round trips on the route with his sailing packet. There is talk of securing a vessel equipped with a gasoline engine for the route, so that regular trips could be made without regard to winds or tides. Previous to the civil war the Gypsy, a small side-wheel steamer, ran on this route. She sank in 1862 when in possession of the U. S. quartermaster at this place. She was replaced by the Cynthia. Up to a year or two ago the Harry Loder, previously known as the Fairy, ran on the line.

Corporation Court.

[Judge L. C. Barley presiding.] James C. Gates was appointed guardian of Norvell Shirley.

Mary C. Hansborough was appointed administrator of the estate of George C. Hansborough, deceased.

City Council of Alexandria vs. Maria L. Benham et al.; decree directing pro rata payment of taxes.

City Council of Alexandria vs. the unknown heirs of Wm. Briggs; decree directing City Sergeant to put purchaser in possession of property.

The following is the list of the grand jury which meets on Monday: R. E. Acton, DeW. Aitchison, W. E. Bain, H. Kirk, C. W. Moore, F. J. Paff, C. H. Yohe, C. C. Leadbeater, Thomas Chaucey, F. S. Harper, R. L. Field and O. C. Carter.

New Trustee of Paff Estate.

Mrs. Elizabeth Dieterich, in Washington, yesterday filed suit against Frederick J. Paff, as administrator of the estate of Frederick Paff, to have a trustee appointed to succeed the defendant under the will of the late Frederick Paff of this city. The petition states that the defendant has expressed his intention to resign his trusteeship, and the complainant claims that her interest in the estate amounts to one-fifth of the entire property, and approximates \$3,850. The will under which the trusteeship exists was probated in the Corporation Court of this city. Justice Gould appointed Albert E. Dieterich trustee in place of Mr. Paff. The bond was fixed at \$4,000.

Police Court.

[Justice H. B. Caton presiding.] The following cases were disposed of this morning:

A white man, arrested by Officer Knight charged with vagrancy, was sent to jail for 30 days.

George Ford and Nancy Russell, arrested by Officers Bettis and Beach charged with indecent conduct, were fined \$10 each.

William Davis, colored, charged with entering a dwelling on Prince street, had his case continued.

Injured by a Horse.

A young horse attached to a wagon belonging to Mr. C. M. Griffin became unruly near the intersection of Cameron and Royal streets this morning and threw the driver, William Griffin, into the street. The horse's hoof struck the youth on the breast and the wheels of the wagon passed over one of his arms. He was picked up in an unconscious condition, and removed to his home nearby where he soon revived. It is thought his injuries are slight.

Personal.

Mrs. W. B. Dangerfield and her daughter, Miss Belle Dangerfield, are visiting in Fredericksburg.

Mr. W. P. Moncure, formerly of Fairfax, but who for the past four years has been living in Butte, Mont., has been visiting friends at his old home and in this city. He will return to Montana in a day or two. Mr. Moncure has been offered a position in the postal service in the Philippines.

Mrs. Berryman Green and children, of Seminary Hill, have gone to Catlett's, Fauquier county, to spend the summer.

Mrs. C. W. Turner who had been visiting her mother, Mrs. T. J. Harris, in Charlottesville, has returned, accompanied by her sister, Miss M. C. Harris.

Capt. K. Kemper has gone to Delaplane on a short visit.

Mr. Frank Lathau, of this city, is acting as assistant foreman of the Washington Gas Works during the illness of the assistant foreman of those works.

Mrs. C. H. Zimmerman has returned from a pleasant visit to New York, Hartford, Conn., and other cities.

Messrs. J. W. Strom and Thomas Coffin have returned from a pleasant visit to Colonial Beach.

Mr. Daniel Webster, engineer of the B. & O. transfer tugboat Brewster, is sick at his home on south Alfred street.

Mr. John W. Ennis and Miss Nellie L. Rock were married at "Village," Richmond county, on Tuesday.

The ceremony took place at the Baptist Church, Rev. R. M. Edwards performing the ceremony. After the wedding there was a reception which was attended by a large number of the friends and acquaintances of Mr. and Mrs. Ennis. They later took the boat for Baltimore and arrived here today.

Miss Mary E. Carlin has returned from Ellicott City, Md.

Mrs. W. P. Henshaw and family have gone to Leet, Caroline county, to spend the summer.

Mr. and Mrs. C. L. Shepherd will spend the summer at the country home of Mr. Shepherd's parents near Seminary Hill.

A Distressing Accident.

Shortly after 12 o'clock today Joseph E. Johnson, formerly a conductor on the Pennsylvania Railroad, was run over by an electric train on King street, a short distance west of St. Asaph, and both of his feet were crushed. Mr. Johnson came here this morning on business, and shortly after noon attempted to board a north bound train at the locality named when he slipped and fell and the cars passed over both feet, crushing them fearfully. The unfortunate man was picked up and carried into Mr. Claude Lennon's drug store and later removed to the Alexandria Hospital, where Dr. Smith and Purvis amputated parts of both of his feet.

Dog Licenses.

Only two dog licenses have been issued during the last three days. The list which gives the name of each person owning dogs, residence, &c., of those who have paid will in a few days be prepared and handed to the printer. From this list the police ascertain who have not paid. Last year, as well as prior ones, when persons were notified to appear before the mayor for keeping unlicensed dogs all kinds of excuses were made. This year when the mayor delivers to the policemen the lists, with instructions to report delinquents, the matter will be considered in the police court.

Paperhangers and Painters.

The paperhangers and painters of this city held an interesting meeting last night in Good Templars' Hall, on south Fairfax street. A number of visitors from Washington were present. A smoker was a feature of the occasion and refreshments were served during the evening. Vocal and instrumental music and impromptu speeches also enlivened the occasion. Speeches were delivered on the subject of unionism by Messrs. Julian Murray, of Washington; J. Fred Birrell, of this city, and others. Music was rendered by the Ideal Club.

Chased by a Policeman.

A row occurred between 6 and 7 o'clock yesterday evening between several colored men at an eating house on Union street, between King and Prince, during which a brick was thrown by a stevedore from Washington. Officer Henderson appeared in the neighborhood when the darkey ran and entered an alley in the square. He emerged on Prince street and ran west to Royal, pursued by the officer. The fugitive, who had a good start upon Mr. Henderson, ran down Royal street and made his escape.

U. S. Court.

[Judge Edmund Waddill, jr., presiding.] Walter U. Varney was admitted to practice in this court.

U. S. vs. Anthony Simmons; indicted for assault; case continued.

U. S. vs. Virginia F. Burke, of Fairfax, et al.; debt on a postmaster's bond of \$2,500; jury and verdict for government for \$449 with interest from April 22, 1903.

The jury was then discharged and court adjourned for the term.

New Weems Line Steamer.

The new Weems line steamer, the Anne Arundel, which made her trial trip last week, went into commission today. Her first run will be made from Baltimore to this city and points along the Potomac river. Capt. William C. Geoghegan will be in charge of the steamer. The Anne Arundel will arrive here some time tomorrow night.

Worst of all Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Balm and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Balm is the only medicine. Only 50c. It's guaranteed by E. S. Leadbeater & Sons, druggists.

LOCAL BREVITIES.

Officials of Alexandria Council, Royal Arcanum, have paid to the widow of H. S. Barker \$3,000, the amount of the policy held by her late husband.

James W. Jackson Council, Jr. O. U. A. M., met last night and initiated one new member and installed the officers who were recently elected for the ensuing term.

Capt. Frederick Posey, of the steamer Norfolk, fell from a street car in Washington yesterday and broke his arm. The accident did not prevent him from taking the steamer to Norfolk last night.

There was a refreshing shower of rain between six and seven o'clock yesterday evening. The weather had been sultry throughout the day and the rainfall brought temporary relief. After it had ceased, however, sultry conditions followed.

TELEGRAPHIC BREVITIES.

At New Haven, Conn., today, William McLane, the negro who was arrested for assault on Miss Alice G. Richards, daughter of Prof. Richards, of Yale, on May 5, and on Miss V. Flanagan, May 15, was sentenced to not less than two nor more than three years on one count, and five years on another count of assault with intent to rob. He pleaded guilty. McLane is the fellow who terrorized women in the fashionable residential section of the city.

The federal grand jury in New York has completed its investigation into the causes of the steamer General Slocum. While it is known that the jury found indictments against several who they consider were responsible for the disaster, the names of those indicted could not be learned. Warrants will probably be issued for these persons in the near future. Their trials will not come before the October term of the United States Circuit Court.

Aaron Timbers, the ring-leader in the fiendish assault on Mrs. Charles Biddle, of Burlington, N. J., and James Stork, his six-year-old partner in the crime, were captured here early this morning and placed in jail. Both admitted their identity and confessed the story in fiendish detail when captured.

Justice Keogh, in West Chester county, N. Y., decided today that Al Adams, the policy king, now undergoing sentence at Sing Sing prison, has been illegally sentenced. Adams will be rearraigned as soon as possible before Justice Scott for resentencing.

Dynamiters early today blew open the safe in the postoffice at the station at Wynnewood, Pa. The interior of the station was wrecked. The thieves obtained only a small sum of money, but carried off a number of postage stamps.

The failure of Edward T. C. Sloss & Co., of 44 Broadway, was announced on the New York Consolidated Stock Exchange today. The failure is unimportant.

The British casualties in the fighting incident to the taking of the Tientsin-Jong railway, were one officer and three men killed and four officers and twenty-three men wounded. The enemy's loss was heavy.

Deviled Crabs are made fresh twice daily at Rammel's Restaurant—at five o'clock in the afternoon and eight o'clock in the evening. Both 'phones.
